

## EDITOR HARDEN WINS HIS CASE

General Count Kuno Von Moltke Compelled to Bear Costs of the Trial.

### SCANDAL IN HIGH PLACES

PROMINENT COURT OFFICIALS DISGRACED.

Berlin, Oct. 28.—Maximilian Harden, editor of Die Zukunft, was acquitted today in the suit brought against him by General Count Kuno von Moltke, formerly military governor of Berlin, for defamation of character. In addition, General Moltke was condemned to bear the costs of the trial.

#### Resigned in Disgrace.

The names of Prince Philip zu Eulenburg, ex-German ambassador to Vienna, and Lieutenant General William von Hohenau, one of the emperor's adjutants, were mentioned by Harden as being members of the clique, referred to as the "round table," and an army officer who had served at Potsdam testified to having taken part in orgies at the house of Major Count Lynar, which had resulted in the dismissal from the service in disgrace of Count and Lieutenant General von Hohenau.

Von Moltke denied that such a clique as the "round table" could exist, and also denied the other charges brought against him. Harden declined to withdraw anything he had written on the subject, but said he did not accuse Von Moltke of crime.

#### Editor Was Justified.

Justice Kern, the presiding judge, today made the verdict as easy for Von Moltke as was consistent with the court's decision arrived at. He said Harden was justified in what he had written, but there was no evidence that Von Moltke had at any time acted upon abnormal inclinations or that he knew what took place at Major Count Lynar's villa or of Lieutenant General Hohenau's behavior.

Harden, when the verdict was announced, was cheered by the spectators present in court, and by the large crowd of people waiting in the rain outside. Von Moltke heard the verdict with impassiveness.

#### Food for Socialists.

The trial is already having considerable political effect.

One hundred and forty socialist daily newspapers are attacking the monarchial principle with studied fury, mocking, sneering savagely, and assailing the exotic conditions which have been described as "flourishing in the hot house atmosphere of the court" where the sovereign is surrounded by the socialist claim, with companions and councillors the corruption of whose private lives taints their judgment on home and foreign questions.

The newspapers, regardless of party affiliations, printed full accounts of the proceedings, and some of the influential liberal papers, like the Frankfurter Zeitung, affirm that it is evident that in the Moroccan controversy with France, Germany followed two policies, that of the foreign office and that of the sovereign, the latter being attributed to Prince zu Eulenburg's influence working independently of his majesty's constitutional advisers.

## DRIVEN FROM HER HOME

Mrs. Louise Seiler Makes Charges of Cruelty Against Husband in Divorce Complaint.

Driven out of her home at night with one of her children, and after taking refuge in a coal shed to protect herself and child from the cold, being ousted from this hiding place and compelled to wander about the streets, the greater portion of the night until kind neighbors took her in, are some of the hardships of matrimony told by Louise Seiler against William Seiler in a divorce complaint filed in the district court yesterday. The incidents cited, she said, occurred on Oct. 10 last.

The Seilers were married in Switzerland Jan. 4, 1898, and came to America shortly afterward. There are three children, the oldest being 13 years of age.

Mrs. Seiler says that in less than a year after their marriage the husband's cruel treatment began, and that since that time she has lived in constant misery. She has been mistreated so much that she cannot remember the exact dates. During the past eighteen months the husband has not provided anything for his family, according to the complaint, and the wife has been compelled to work.

Seiler is employed by Silver Brothers as a moulder, and earns \$3.75 a day. He is said to own a house at 1125 South Eighth West street, valued at \$2,000. The wife asks the custody of the children, \$50 a month alimony, attorney's fees and \$25 costs.

The demonstration of Professor Munyon's Remedies, which has been occupying the attention of the afflicted public for the past week, has been brought to a satisfactory conclusion with the kind wishes and testimonials of the following persons who have used with success the various remedies put on the market by this noted firm.

Nothing gives Professor Munyon more pleasure, and certainly nothing could be more encouraging to the sick than to read such testimony as we give below. These people have testified for Munyon's Remedies because they have been cured. They feel grateful and they want every skeptic to know the truth and not suffer any longer with an ailment when the cure is within reach of all and when The Munyon Remedy company has a separate cure for each disease.

What Salt Lake Citizens Say:  
MR. GEORGE ROSE of 37 South Seventh East stopped in The Herald office yesterday and received a sample of Munyon's Kidney Remedy, and stated: "Oh, I have used your Kidney Remedy before, but, as you are giving samples away, I didn't want to pass a good thing up. I always recommend your Kidney Remedy, and whenever I feel that my kidneys are troubling me I use some of your Kidney Pills, and find instant relief. I advise all those suffering with that malady to try Dr. Munyon's 3 X Remedy."

MR. W. C. WAITE, 445 West Seventh South, "I have used your Munyon Remedies for rheumatism and other ailments for my wife, after having her under treatment for over five months and spending several hundred dollars with the best doctors in this country. I can truthfully recommend them to all who suffer from any cause."

MR. ALBERT DAVIS of 24 East Fifth South, who called for a few samples of Munyon's Rheumatism, Kidney and Paw Liver Pills yesterday, when asked if he had ever used any of Munyon's Remedies before said: "No, not I, but my mother has always used Dr. Munyon's Pever, Worm and Colic Cures for the children, and has great faith in them."

MR. JOSEPH WHEELER of 454 East First South street, who has been suffering with rheumatism the past few years, states: "I have used your great Rheumatism Cure, with immediate results, and can cheerfully recommend it to all my friends."

After having used a few bottles of this great remedy, I am able to get around and attend to my work, and thank all my friends to try this excellent remedy."

MR. W. E. HEADINGS of 120 West Temple, who has been suffering with that dreaded disease, Pleurisy, came in The Herald office last Saturday and stated that he had been constantly suffering with Pleurisy, but after trying a bottle of Munyon's Pleurisy Cure, positively states that all symptoms of Pleurisy have left him, and cheerfully recommends it to his friends.

MRS. E. STOKER of 456 South State, who has been suffering for years past with Kidney and Bladder trouble, says: "I have the greatest faith in Munyon's Remedies. They have done wonders for me, and I wouldn't be without a bottle of Munyon's Kidney Cure in the house, and always recommend it to my friends."

MR. WILLIAM TIGGES of 91 State street, Madison, Wis., arrived in Salt Lake yesterday on his way to Los Angeles, Cal. While here he came in The Herald office for a few samples of Munyon's Paw Liver Pills. He stated that he had suffered greatly with stomach trouble, and couldn't eat a hearty meal. That nothing tasted good to him, no matter what was served him, but after using Munyon's Paw-Paw Tonic in Madison he found it a great stomach preservative and blood purifier, which entirely cured him, and he cheerfully recommends the Paw-Paw Tonic to all those who wish to preserve health.

DR. MUNYON'S REMEDIES have been the staple homeopathic cures of thousands of homes during the past fifteen years. ## CHECKS SHORT LINE WORK

General Manager Bancroft Announces Suspension of Double Tracking and Construction.

All construction work on the Oregon Short Line railway will be stopped at once. This order has been issued in pursuance to the general plan of curtailment of expenditures all over the Harriman system. The order applies to the new Yellowstone park branch of the road now almost completed, and the double tracking of the main line. The construction of the new union depot in Salt Lake, it is declared, will not be affected, and the work on the building will be commenced as soon as the plans arrive.

Dispatches from Omaha yesterday were to the effect that the Union Pacific had laid off all of its construction crews and abandoned all construction work on the entire system.

W. H. Bancroft, general manager of the Oregon Short Line, returned yesterday from a trip of inspection over the road.

"We expect to stop all construction work on the Short Line," said Mr. Bancroft. "This will include the work on the new Yellowstone park branch and the double-tracking of the line. We do not expect to stop work on the new union depot in Salt Lake, and will proceed with the construction of it as soon as the plans arrive."

It was stated that the order had been issued directly from the Harriman administration headquarters, but this was denied in New York. General Manager Joseph E. Wells of the Utah Light & Railway company said that as yet he had received no orders whatever with reference to the continuance of the proposed extension and improvements of the street railway system. The instructions sent at with reference to the abandonment
